COMMENTS

These are daily comments on the progress of the gather, problems, cause of horse death or reason for euthanasia or any other significant information.

9/8/08

The gather commenced on the afternoon of the eighth of September. 19 horses were gathered. One animal died (gather related).

9/9/08

The gather continued today with 51 animals gathered, one animal destroyed due to a broken leg, one animal died (gather related). Both gather-related deaths occurred as a result of animals running into the panels at the end of the trap. Measures have been taken to reduce the risk of this happening again.

9/10/08

The gather continued today with horses being gathered from the Little Mountain area. 36 horses were gathered. Some of the horses appeared to be in very poor condition and there was a possibility that up to 5 horses would have to be euthanized due to condition. 1 horse was euthanized due to a broken back. This was a pre-existing condition that did not allow for a reasonable prognosis for a healthy life. 42 horses were shipped to Delta, Utah.

9/11/08

Gather operations were moved to the Rainbow Canyon area to gather horses that were outside of the HMA. 12 horses were gathered. 40 horses were shipped to the Delta, Utah facility.

9/12/08

Gather operations were terminated. A total of 118 horses have been captured, 2 animals died (gather-related). 3 animals were humanely euthanized due to chronic health issues. The last animal today was a horse that was blind. 31 horses were shipped to the Delta, Utah facility. A total of 113 horses have been shipped.

Gather contractor for this gather was KG Livestock.

Summary of Gather Results by HMA

HMA Name: Highland Peaks	Mares	Stallions	Foals	Total
(1) Pre-Gather Population Estimate	50	50	23	123
(2) Gathered ¹	44	15	11	70
(3) Treated and Released ²	0			0
(4) Untreated and Released	0	0	0	0
(5) Shipped to BLM Prep Facility	42	14	11	67
(6) Other losses (explain below) ³	2	1	0	3
(7) Ungathered ⁴	20	20	10	50
(8) Estimated post-gather population ⁵	20	20	10	50

¹ Line (2) should equal the sum of lines (3) through (6).

² Must match the number shown on the PZP Application Report.

³ Line (6). One was destroyed due to a broken leg and there were two gather-related deaths.

⁴ Should equal the estimated total number of horses on the range from the pre-gather census (line (1)) minus line (2). Please explain any discrepancies.

⁵ Line (8) should be the sum of lines (3), (4), and (7).

HMA Name: Little Mountain/Miller Flat	Mares	Stallions	Foals	Total
(1) Pre-Gather Population Estimate				61

(2) Gathered ¹	14	19	3	36
(3) Treated and Released ²	0			0
(4) Untreated and Released	0	0	0	0
(5) Shipped to BLM Prep Facility	14	18	3	35
(6) Other losses (explain below) ³	0	1	0	1
(7) Ungathered ⁴	10	10	5	25
(8) Estimated post-gather population ⁵	10	10	5	25

¹ Line (2) should equal the sum of lines (3) through (6).

² Must match the number shown on the PZP Application Report.

³ Line (6). One animal was destroyed due to a broken back. This was a prior existing condition that did not allow for a reasonable prognosis for a healthy life.

⁴ Should equal the estimated total number of horses on the range from the pre-gather census (line (1)) minus line (2). Please explain any discrepancies.

⁵ Line (8) should be the sum of lines (3), (4), and (7).

HMA Name: Outside	Mares	Stallions	Foals	Total
(1) Pre-Gather Population Estimate				20
